

SHUBHAM BANSODE

Nashik, India | +91-9673146801 | work.shubham03@gmail.com | GitHub | LinkedIn | LeetCode | Portfolio

SUMMARY

Final-year Information Technology student with hands-on experience in AI/ML and full-stack development. Skilled in building scalable applications and solving real-world problems through clean architecture and user-focused design. Strong collaborator with leadership experience and a passion for impactful software solutions.

TECHNICAL SKILLS

Languages: C/C++, Java, Python, MySQL, JavaScript, HTML/CSS

Frameworks: React, Node.js, Material-UI

Libraries: Pandas, NumPy, Matplotlib

Developer Tools: Git, Google Cloud Platform, VS Code, Visual Studio, PyCharm, Eclipse

PROJECTS

GeoZonal Validator: Smart Building Compliance Checker

Aug 2025 – Nov 2025

- Developed a web-based geospatial compliance platform to validate, submit, and track building compliance across defined zones with an authority review dashboard.
- Led frontend development and UI architecture, ensuring responsive design and usability.

Personal Portfolio Website

Aug 2025 – Sep 2025

- Created a modern, fully responsive personal portfolio showcasing projects, skills, and experience with animated UI components and smooth navigation.
- Integrated EmailJS for contact functionality and optimized performance across devices.
- Technologies: HTML5, CSS3, JavaScript, EmailJS
- Live URL: shubham-bansode.netlify.app

Virtual Job Interview Simulator

May 2025 – Jun 2025

- Built an AI-powered interview simulation platform with real-time NLP-based response analysis and personalized feedback.
- Integrated ML/NLP features into an intuitive frontend to enhance user engagement.
- Technologies: Python, NLP, Machine Learning, MySQL

PRESCRIPTO: Healthcare Appointment App

Aug 2024 – Oct 2024

- Designed a doctor appointment booking platform enabling real-time scheduling, appointment tracking, and secure data handling.
- Implemented reusable React components and optimized layouts for performance and UX.

EconoTourist

Jan 2024 – Apr 2024

- Built a travel planning platform offering personalized recommendations, budget estimation, and cost optimization.
- Secured **3rd Position – Best Project** at SY IT Department Project Exhibition.

EDUCATION

K. K. Wagh Institute of Engineering Education and Research

Nashik, India
